

TIPS for Robot Design Judging

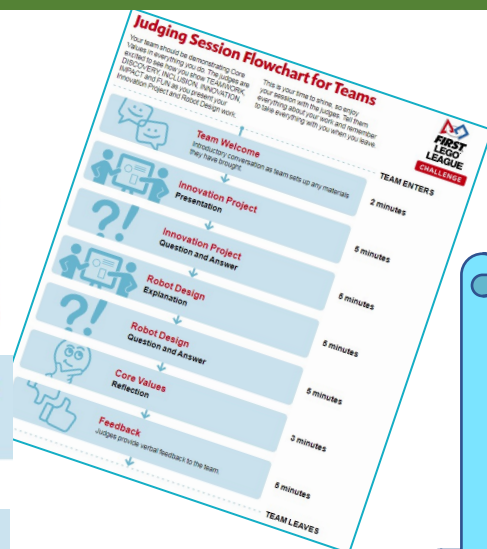

- Bring your Robot, or have your robot ready to show
- It is good practice to develop a Robot Design Executive Summary (RDES)
- Use your Engineering Notebook to prepare
- Bring the attachments needed to complete challenge missions, be prepared to discuss
- Provide the judges a copy of your programming Code with **comments**

Reminder

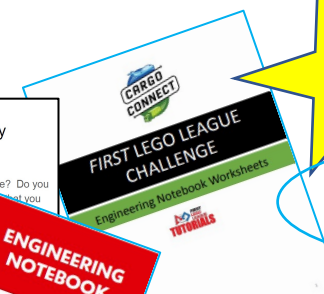

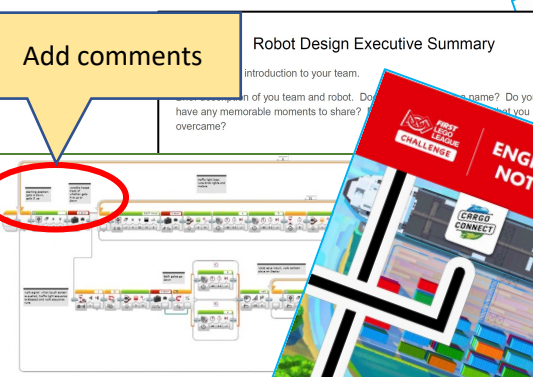

No height restriction - Do not abuse or the ceiling requirement will be added back.

If Remote - judging will take place through prescheduled online meetings between the team and assigned judges

New This Year

Demonstrate Core Values as you present your Robot Design.
